## About the panel discussion

Reducing pesticide use and risks in agriculture is a joint responsibility of policy makers, farmers, private sector and civil society. Biocontrol approaches and technologies have significantly advanced and can play an important role to achieve this objective. What needs to be done in order to enhance the use of alternative crop protection methods? What can farmers, researchers, biocontrol manufacturers, retailers, consumers and policy makers contribute?

### Panellists:

- Eva Reinhard, Deputy Director, Swiss Office for Agriculture BLW
- Vittorio Veronelli, Vice President, International Biocontrol Manufacturer Association IBMA
- Leon Mol, Senior Manager Product Integrity, Ahold, The Netherlands
- Indira Moreno Echeverri, Pest Management Expert, UTZ Certified / IPM Coalition
- Cesar Gonzalez, Policy Advisor, Copa/Cogeca
