## HELVETAS Swiss Intercooperation

### About Us

[HELVETAS Swiss Intercooperation](#), a leading Swiss global development NGO, works in rural and peri-urban areas in 32 countries. Our program areas include [water and infrastructure](#), rural economy, environment and climate change, skills development and education, and governance and peace. HELVETAS has **more than 40 years of experience** in developing community drinking water supply and sanitation systems, improving hygiene behaviour, and increasing the efficiency of irrigation systems. We rigorously [evaluate](#) our programs so that we can build on what works. We collaborate with research institutes such as [Eawag](#) and private companies like Geberit to test innovative concepts and technologies. We aim to scale up promising approaches by actively engaging in the policy dialogue.
